"The annual rate of interest is \_\_\_\_%. This interest rate may not be the same as the Annual Percentage Rate. You figure the Finance Charge by applying the true daily earnings method as defined by the Texas Finance Code to the unpaid portion of the cash advance. The unpaid cash advance does not include the administrative fee, late charges, and returned check charges. You base the Finance Charge and Total of Payments as if I will make each payment on the day it is due. You will apply payments on the date they are received. This may result in a different Finance Charge or Total of Payments. My final payment may be larger or smaller than my regular payment. I may prepay my loan in full early without paying a penalty.

I have paid any points, administrative fee, or loan origination fee as prepaid interest. The administrative fee is earned at the time the loan is made and is not subject to refund. If I pay the loan in full early, you will refund any prepaid interest that would make the interest rate exceed the maximum rate allowed by law. Any refund will be credited to my account.

Any payment(s) that you accept after the final payment becomes due is not a renewal or extension of this loan agreement unless you agree in writing.

You will apply my payments as follows: (1) interest that is due, (2) principal, (3) any other charges I owe."
