#### Texas Department of Insurance Notice

- An exclusive provider benefit plan provides no benefits for services you receive from out-of-network providers, with specific exceptions as described in your policy and below.
- You have the right to an adequate network of preferred providers (known as "network providers").
  - If you believe that the network is inadequate, you may file a complaint with the Texas Department of Insurance.
- If your insurer approves a referral for out-of-network services because no preferred provider is available, or if you have received out-of-network emergency care, your insurer must, in most cases, resolve the nonpreferred provider's bill so that you only have to pay any applicable coinsurance, copay, and deductible amounts.
- You may obtain a current directory of preferred providers at the following website: [website address to be filled out by the insurer or marked inapplicable if the insurer does not maintain an Internet website providing information regarding the insurer or the health insurance policies offered by the insurer for use by current or prospective insureds or group contract holders] or by calling [to be filled out by the insurer] for assistance in finding available preferred providers. If you relied on materially inaccurate directory information, you may be entitled to have an out-of-network claim paid at the in-network level of benefits.
